It's coming—at Library Theatre—D. W. Griffith's masterpiece "Broken Blossoms". The most pitiful—The most tragic—The most beautiful story ever told. Adv.

From 5 o'clock until closing time at 9:30 today only, the School street greenhouse will sell all cut flowers at a discount of 25 per cent for cash only. Roses, carnations, daffodils, and freesias.—Adv.

The funeral of Martin S. Barber, 72 will be held Sunday afternoon at the late home in White Creek and the body will be placed in the vault at the Old Bennington cemetery. Mr. Barber leaves two brothers living in Shaftsbury, Ezra and Jacob.

The manager of the Y. M. C. A. basketball team received a letter from the manager of the Pittsfield All-Stars yesterday in which he was informed that the All-Star team would surely be here for a game Saturday night. This game promises to be one of the best of the season and should draw a big crowd. The local team has been putting in some consistent work and will surely give the audience their money's worth.

The Bennington High school basketball team won from the North Bennington high school team at the Y. M. C. A. last eve, by the score of 24 to 19. The visitors were not acquainted with the floor in the first half but by the second half period they pressed the Bennington team so closely that it was the opinion of many witnesses that in five minutes more of play the local boys would have been defeated.

Win Fight on Yellow Fever.

In 1916 the Rockefeller foundation sent a sanitary commission to Ecuador for the purpose of arranging with the Ecuadorian government to take the responsibility of eradicating yellow fever from Guayaquil. The proposal was accepted June 10, 1918, when a celebrated bacteriologist arrived and began his work. He succeeded in discovering the germ which causes yellow fever, his investigations promising to produce not only a preventive, but also a cure for this malady.

BEAUTY FADES IF BLOOD AND NERVES NEED NOURISHMENT

Pennsylvania Woman Suffered From Chills and Headaches Until She Tried This Tonic

"Years of illness left me colorless, thin and so weak that I could hardly dress myself," says Mrs. Robert Smith, a resident of No. 283 Archer avenue, McKeesport, Pa. "I tried so many medicines that I became discouraged and was ready to give up hope of ever regaining my strength. My blood was so thin that I suffered from chills on the warmest days. I had constant headaches and aches all over my body as if from grip. Food didn't taste good to me and invariably caused stomach trouble. The slightest exertion, such as climbing up stairs, caused palpitation of the heart."

"A friend told me about Dr. Williams' Pink Pills and I learned how two young women had been greatly benefited by the remedy. I therefore resolved to give the pills a trial. They helped me almost from the first and I kept on with the treatment until my color returned. I no longer have headaches or indigestion and feel better than I have for years. I can't speak too highly of Dr. Williams' Pink Pills for I owe my health entirely to this remedy."

A useful booklet, "Building Up the Blood," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your copy is being sent you. Write to Dr. Williams' Pink Pills for I owe my health entirely to this remedy.

News of the Town and Village Told Briefly for Busy Readers

Rev. W. G. Towart returned Thursday from a business trip to New York and Philadelphia.

There will be a class of 15 candidates initiated at 2:30 at the Knights of Columbus rooms Sunday afternoon.

Born Wednesday, Feb. 18, a son John Rollin, to Mr. and Mrs. Clifford Turner of the Lyons district. Weight 10 pounds.

Christian Science services will be held at 606 Main street Sunday morning at 11 o'clock and Wednesday evening at 7:30.

News was received today of the death Friday of Miss Myrtle Niles of Berlin, N. Y. Miss Niles had many friends in town.

Howard Hicks, who is employed in Pittsfield and who has been at his home here the past week recuperating from the grip is able to be out again.

Washington Special—Harwood's black ice cream—flavors, vanilla, caramella and banana—Saturday and Sunday. Orders delivered, pint and quart sizes. Adv.

Mrs. James A. Eddy and daughter Miss Ruth H. Eddy, summer residents of O'Connell Bennington have left their city home in Troy and gone to Ormand Fla., where they will pass the remainder of the winter.

Mar in Barber, aged 72 years, a native and life long resident of White Creek, died Thursday. The funeral will be held from his late home Sunday afternoon at 2 o'clock. The body will be placed in the vault at Park Lawn cemetery.

Thomas J. Halahan, who has been ill for over a week with bronchitis is on the gain. His route at the post office is being covered by Charles McLaughlin, parcel post carrier. Thomas Halahan, substitute carrier, is taking McLaughlin's place.

FOUND NEW LAND OF GOLD

New York Mining Man Reports Rich Discoveries Made in the Mines of Colombia.

A new gold region has been discovered in Colombia, according to J. V. Priest, a mining man, who arrived at New York from Santa Maria, Colombia.

Mr. Priest said that some time ago he was told by a Frenchman, who said he was a government employee, of fabulous wealth that lay hidden in the mines of Colombia. Mr. Priest, accompanied by his wife and C. L. Logue, a mining engineer, visited Colombia recently and spent his time in visiting various sections.

After landing at Cartagena, Mr. Priest said, he and his companions went up the Magdalena river 250 miles and disembarked, going overland through a mountainous country for 65 miles.

At the end of the journey, Mr. Priest said, they found vast gold fields which had never been actively developed because of the absence of the proper machinery. He said this is accounted for by the lack of transit facilities, it being a most difficult matter to ship material of any kind to this point.

Daily Thought

There is nothing good or evil save it the will.—Epictetus.

VILLAGE WARNING

The inhabitants of the Town of Bennington, qualified by law to vote in town meetings, are hereby notified and warned to meet in Library hall at 7 o'clock on Tuesday, the 24 day of March 1920 at nine o'clock in the forenoon to transact the following business:

1. To see whether the town will vote to empower and authorize the selectmen to appoint one or two road commissioners, the number to be determined by the town in said meeting or whether the town will vote to elect one or two road commissioners.

2. To see if the town will vote to elect a lister to serve one year in addition to the lister to be elected at said meeting for the term of three years.

3. To see if the town will vote to elect a second constable.

4. (a) To see if the town will vote to elect a second constable. (b) To see how many grand jurors the town will vote to elect for the year ensuing. (c) To see if the town will vote to elect a collector of taxes. (d) To see if the town will vote to elect a tree warden.

5. To elect all town officers, including the officers of the Town School District.

6. To vote by ballot in the manner provided by law upon the following questions: A. "Shall license be granted for the sale of intoxicating liquors in this town?" B. "Shall license of the fifth class be granted in this town?"

7. To hear reports of the town officers.

8. To see what sum, if any, and not less than one hundred dollars nor more than one thousand dollars, in excess of the amount of the highway taxes now required by law, the town will vote to appropriate to be expended for the permanent improvement of its highways in accordance with the provisions of Chapter 172 of the Public Statutes of Vermont, and amendments thereto.

9. To see if the town will vote to build a piece of experimental highway of concrete on the main highway between Bennington and North Bennington for a distance to be determined by the meeting, and to determine what, if any sum, shall be appropriated therefor.

10. To see what, if any additional sum the town will vote to appropriate for the permanent improvement of highways within said town; and to determine where the same shall be expended.

11. To see what, if any sum, the town will vote to appropriate for the purpose of maintaining a public library or libraries herein and also to determine how the same shall be distributed.

12. To see what sum, if any, the town will vote toward the expense of observing Decoration or Memorial day.

How to Use Vick's VapoRub To Prevent Flu

Flu Germs Are Breathed In. Inhaled Air Passages Make Ideal Breeding Grounds For These Germs.

KEEP AIR PASSAGES OPEN

Melt a Little Vick's VapoRub in a Spoon Night and Morning and Inhale Vapors—Also Apply Up the Nostrils Several Times a Day, Especially Just Before Being Exposed To Crowds.

Flu This Year is Milder

While we know very little more about the flu now than we did last year—the germ itself has never been positively identified—at least most authorities agree that the flu germs are breathed in. If the system is in good shape and the membrane or lining of the air passages is in healthy condition—these germs are thrown off.

A good plan is to melt a little Vick's VapoRub in a spoon night and morning, and inhale the vapors, also apply a little up the nostrils several times a day, especially just before being exposed to crowds.

Treat All Colds Promptly

Above all, keep free from colds, as colds irritate the lining of the air passages and make them easy breeding grounds for germs. Prompt use of Vick's VapoRub aids in preventing colds. For head colds, sore throat or hoarseness, rub Vick's well over the throat and chest and cover with a warm flannel cloth. For deep chest colds, severe sore throat or bronchitis, rub Vick's should be rubbed in over the throat, chest and back between the shoulder blades to open the pores. Then Vick's should be rubbed in over the chest and back between the shoulder blades to open the pores. Then Vick's should be rubbed in over the chest and back between the shoulder blades to open the pores.

These vapors, inhaled with each breath, carry the medication directly to the lungs and air passages. At the same time, Vick's is absorbed through the skin, thus aiding in relieving the congestion within.

Use of External Treatment for Colds Increasing

Vick's VapoRub is the discovery of a North Carolina druggist who found how to combine in Salve form, the best of time tested remedies, Camphor—Menthol—Eucalyptus—Thyme—so that when the salve is applied to the body heat, these ingredients are "thermated" in the form of vapors.

Vicks is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used freely and often without the slightest harmful effects.

The best evidence of the value of Vicks is the steady increasing number of people who have been converted to the use of this "outside" treatment.

Beginning with the customers of small retail drug stores, the use of Vicks has grown—year by year—until by state—until now more than 10 million jars are used annually. And in his spite of the fact that Vicks is new form of treatment to many folks in the North and West, Vicks can be had at all druggists in three sizes—6c, 66c and \$1.20.

own will vote to appropriate from a general fund for the purpose of maintaining the highways of the town for the purpose of co-operating with or securing the benefits of the state patrol system for patrolling and maintaining selected roads.

12. To see what sum, if any, is necessary to be raised for the following purposes, viz: for the laying out, maintaining, and repairing the highways of the town and for the payment of a state highway tax; for maintaining the schools and the school-houses and for the school purposes of the town and for the payment of a state tax; for the payment of any indebtedness and interest thereon; or for the support of the poor; or for the maintenance of bridges and of the water or snow roads; for the prosecution and defense of the common rights and interests of the inhabitants of the town; for the other necessary and incidental current town expenses; and the payment of the state tax assessed by the last session of the General Assembly; and to vote a tax upon the Grand List of the town for the payment thereof.

13. To see if the town will vote to have medical inspection of the schools of the town.

14. To see if the town will vote to install a uniform system of public accounting as recommended by the officials appointed by the Governor under one hundred and nine of the acts of 1915.

15. To see what sum, if any, the town will appropriate for the planting or protection of shade trees, pursuant to the provisions of No. 75 of the Acts of 1904, entitled, "An Act to Provide for the Protection of Shade Trees."

16. To determine at what time the tax bills shall be delivered to the treasurer of the town for collection.

17. To see if the listers for 1920 shall be paid for their services September 1st, next, and what sum per day shall be paid to the town officers; the town clerk, and the board of civil authority for their services for the coming year.

18. To see what sum, if any, the town will vote in aid of, or for the purpose of maintaining a public library or libraries herein and also to determine how the same shall be distributed.

19. To see what sum, if any, the town will vote toward the expense of observing Decoration or Memorial day.

THIS IS THE BEST YEAR

WITH less farm labor New England farmers will be able to grow even larger crops by using Essex Animal Fertilizers. Made from the best organic materials, BLOOD, BONE AND MEAT, to which we add high grade chemicals. Always active and reliable. For worn out soil we are selling an Animal Fertilizer with 4% water-soluble POTASH.

Essex Fertilizers are especially profitable to the farmer because they save labor and grow greater crops on the same number of acres for high market prices.

Farmers are cautioned to enter orders early as supply of raw materials is uncertain. Write for our Booklets about how to grow crops and for our agent's name. Local agents wanted.
